Dhisidda Meelaha Dijitalka ah ee Dhexdhexaadka ah ee Deaf ku saleysan Xilliga AI-ga: Sababta Madasha sida OnlyDeaf ay Muhiim u Yihiin

Heather Grizzle · May 19, 2026

OnlyDeaf shows the demand for Deaf-centered digital spaces built for visual communication. The governance questions the community should ask.

Waxyaabaha ku jira

1. Platfoom, ama Falsafad Maamul
2. Kala Firidhsanaanta Platfoomyadu Waxay Sameysaa Fursad
3. Gaaritaanku Maaha Qaab-dhismeedka Bulshada
4. Su'aalaha Maamulka ee Bulshadu Waajib Ku Tahay In Laga Doodo Hadda
5. Laga Bilaabo Meelaha Jireed ee Deaf ilaa Lahaanshaha Platfoomka

Bulshada Deaf waxay bilooyin badan ku bixisay dagaallan si ay u abuurto meelo isgaarsiintu aan looga dhaqmin sidii codsi hoos-u-dhig ah. Kala duwanaanshahaas wuxuu leeyahay muhiimad ka weyn tan platfoomyada teknoolajiyadu badanaa aqoonsan.

Platfoomyada loo dhisay dadweynaha guud waxay inta badan u qaabeeyaan gaaritaanka sidii sifo lagu dul dhejiyay khibrad ku salaysan maqal. Codad-qoraalku (captions) waxay noqdaan wax ikhtiyaari ah. Isgaarsiinta muuqaalka ah waxay noqotaa mid dhinac ah. Algorithmyadu waxay mudnaanta siiyaan qaababka ka-qayb-galka ku salaysan codka. Xitaa aplikeeshannada bulshada ee 'la-mideeya' badanaa

waxay u qaataan is-dhexgalka afka lagu hadlo inuu yahay qaabka ugu weyn. Natiijadu ma aha gaaritaan dhab ah. Waa daal ka dhasha iskudayga isbeddel joogto ah.

Taasi waa sababta platfoomyada si gaar ah loogu dhisay isticmaalayaasha Deaf ay u xaqiisan yihiin baaritaan dheeraad ah.

Platfoom, ama Falsafad Maamul

OnlyDeaf waxay matalaysaa wax ka weyn aplikeeshan bulsho oo kale oo qaas ah. Waxay ka tarjumaysaa baahi sii kordhaysa oo loo qabo meelo dijitaal ah oo asal ahaan loogu talagalay Deaf, halkaas oo caadooyinka isgaarsiinta ka bilaabmaan luuqadda muuqaalka, dhaqanka bulshada, iyo khibradaha nolosha ee la wadaagayo, halkii ay ka bilaabmi lahaayeen fikradaha maqalka ku salaysan ee dib loo habeeyay. [Fikrad la soo qaatay] Muhiimadu maaha teknoolajiyada laftigeeda. Waa falsafadda maamul ee ka hooseysa.

Warshadaha teknoolajiyada guud ahaan si joogto ah ayey gebi ahaanba dhawaaq ka dhigaan sida deegaannada isgaarsiinta ee dhaqan-gaarka ah ay u dhisaan kalsooni. Bulshada Deaf taariikh ahaan waxaa lagu qasbay inay ka dhex maraan nidaamyo ay dhisaan hay'ado dhagaysan, oo lagu maamulo aragtida dhagaysan, oo lagu qiimeeyo qeexitaannada isticmaalka ee dhagaysanka. Warbaahinta bulshada ayaa sii xoojisay dhibaatadan. Algorithmyada faafa waxay abaal marinayaan xawaaraha, falcelinta, iyo wareegyada waxyaabaha ku salaysan maqalka. Isticmaalayaasha Deaf badanaa waxay bixiyaan shaqo dheeraad ah si ay si bulsheed ugu jiraan platfoomka laftigiisa.

Kala Firidhsanaanta Platfoomyadu Waxay Sameysaa Fursad

OnlyDeaf waxay soo gashaa nidaam dijitaal oo horeba u soo maray kala firidhsanaan platfoom. Kooxaha Facebook ayaa si isabeeso u xun ah u noqday algorithmically. TikTok waxay mudnaanta siisaa xawaaraha halkii ay ka ahaan lahayd isku xirnaanta. X waxay abaal marinaysaa xoojinta cadhada. LinkedIn waxay abaal marinaysaa muujinta xirfadeed. Midkoodna deegaannadan looma dhisan qaababka isgaarsiinta ee Deaf, walaaca maamulka ee Deaf, ama farqiga dhaqanka ee Deaf.

Taasi waxay abuurtaa fursad.

Gaaritaanku Maaha Qaab-dhismeedka Bulshada

Jiilka soo socda ee platfoomyada dijitaalka ah ee Deaf-ku-salaysan kuma guulaysan doonaan kaliya sababtoo ah ay yihiin 'kuwo loogu talagalay dadka Deaf.' Waxay ku guulaysan doonaan haddii ay fahmaan farqiga hawlgalka ah ee u dhexeeya gaaritaanka iyo qaab-dhismeedka bulshada. Kuwaasi ma aha fikrado is-badal ah.

Gaaritaanku waxaa loola jeedaa in lagu daro codad-qoraal.

Qaab-dhismeedka bulshadu waa in la naqshadeeyo deegaanka laftiisa iyada oo lagu saleynayo dhaqammada isgaarsiinta muuqaalka ah, qaababka ka-qayb-galka aan waqtiga isku mid ahayn, muuqaalka turjubaannada, tixraaca meesha lagu sameeyo saxaraadka gacanta, aqoonta maamulka, isticmaalka DeafBlind, iyo kakanaanta aqoonsiga luuqadda.

Qaab-dhismeedka bulshadu waa in la naqshadeeyo deegaanka laftiisa iyada oo lagu saleynayo dhaqammada isgaarsiinta muuqaalka ah.

Kala duwanaantaas waxay noqotaa mid aad muhiim u ah marka nidaamyada isgaarsiinta ee AI-du soo saarto ay si aad ah ugu soo galayaan meelaha Deaf. Platfoomyada bulshadu maahan kuwo si fudud u martigeliya wadahadallada. Sii kordhaya, waxay qaabeeyaan la helka, muuqaalka, dhexdhexaadinta luuqadda, iyo ugu dambeyntii isgaarsiinta macmalka ah laftigeeda.

Su'aalaha Maamulka ee Bulshadu Waajib Ku Tahay In Laga Doodo Hadda

Taasi waxay soo bandhigaysaa su'aalo maamul oo bulshada Deaf ay waajib ku tahay inay hadda ka doodaan:

- Yaa xaqiijiya sheegashooyinka gaaritaanka ee ku saabsan platfoomyada Deaf-ku-salaysan?
- Maxaa dhacaya marka maamulka AI-du si khaldan u fahmo macnaha luuqadda saxaraadka?

- Sidee ayaa abaalmarinta abuurayaasha Deaf loo bar-baryaa marka la barbardhigo turjubaannada dhagaysan ama saameeyayaasha dhagaysan ee ka hadla mowduucyada Deaf?
- Waajibaadyada shaaca-saarista ee jiri kara haddii saxaraadka gacanta ee AI-du soo saarto ay ugu dambeyntii ka muuqdaan wadooyinka bulshada?
- Yaa go′aamiya heerarka saxda ah ee luuqadda?
- Sidee ayaa isticmaalayaasha DeafBlind loogu daraa go′aamaanshaha qaab-dhismeedka platfoomka intii aan lagu daraynin dabadeed?

Su′aalahani mar dambe uma jiraan kaliya suuragal.

Bulshada Deaf waxay gashay xilli maamulka platfoomka, nidaamyada gaaritaanka AI, dhaqaalayaasha abuurayaasha, iyo aqoonsiga dijitaalku ay bilaabayaan inay isku dhex milmaan. Platfoom sida OnlyDeaf wuxuu ku jiraa si toos ah barta isdhexgalkaas.

Laga Bilaabo Meelaha Jireed ee Deaf ilaa Lahaanshaha Platfoomka

Taariikh ahaan, meelaha Deaf waxay ahaayeen kuwo jireed. Dugsiyada Deaf. Bulshooyinka degaanka. Naadiyada Deaf. Shirarka. Ururrada deegaanka. Deegaannadaas waxay sitaan maamul dhaqameed dabiici ah sababtoo ah dadka Deaf si jireed ayay u xakameeyaan meesha laftigeeda. Deegaannada dijitaalku waxay carqaladeeyaan dhaqdhaqaaqaas. Lahaanshaha platfoomka, nidaamyada maamulka, muuqaalka algorithmiga ah, qaab-dhismeedyada dakhliga, iyo qalabka AI hadda waxay saameeyaan codadka Deaf kuwee kor u kacaya iyo kuwee ku dhex lumaya aragti la′aan.

Taasi waxay ka dhigan tahay in platfoomyada Deaf-ku-salaysan ay sitaan mas′uuliyado ka sarreeya dhaqanka bilowga caadiga ah ee ganacsiga.

> **FILASHADA**
>
> Haddii platfoomyadu iskaga ganacsadaan inay yihiin Deaf-hore, bulshadu waxay sii kordhinaysaa filashadooda maamul-bislaan oo ay la socoto sumadaynta bulshada. Ma aha kaliya arag-daawasho la mideynta ku saabsan. Ma aha kaliya hal-ku-dhigyo gaaritaan. Waa xisaabtan hawlgal oo dhab ah.

Mustaqbalka nidaamyada dijitaalka ee Deaf wuxuu ugu dambayntii ku xiran karaa in ka yar cidda dhisa aplikeeshanka ugu qurxoon ee ka badan cidda dhisa nidaamyo bulshadu si dhab ah u aamini karto.

Iyo kalsoonida gudaha meelaha Deaf weligeed ma ahayn mid jaban.

TIPS

Know something about a sign language AI system that the public should know? Send it to tips@novaracg.com. Every tip is read by me and kept confidential. If you work in the UK, writing to us is not by itself a protected disclosure under the Public Interest Disclosure Act 1998, so before you share employer information, check your options with Protect (protect-advice.org.uk), the free whistleblowing advice line.
